

MBBS IN ABROAD ADMISSION SCHEDULE 2019

ADMISSION FORMALITIES & VISA PROCESS

After 5th June till September 2019

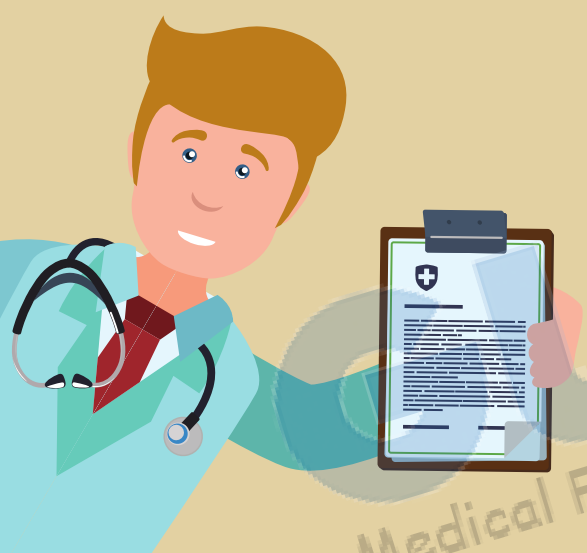

Between June & September, the admission formalities and visa work happens. The seats in the best and the cheapest universities will get filled up in this time. However, students can get admission till October too in some colleges. It is best to apply asap.

WINTER INTAKE

November 2019 - February 2020

If you missed the September-November intake due to any reason, you will still have a chance to go abroad in the winter intake. However, your options will be limited as admission will be open in some universities only. For Bangladesh, session starts in January (only intake for Bangladesh)

NEET EXAM AND RESULT

March - June 2019

NEET exam will happen on 5th May. Pre-booking of seats will start for students who are confident of clearing NEET. Global Medical Foundation will provide early bird discount on its service charges to such students.

After the result on 5th June, the universities will start issuing admission letters to NEET qualified students.

TIME TO START A NEW JOURNEY

September - November End

This is the time when students will get pre-departure counselling and help from us with flight tickets, foreign exchange, what all to carry, meeting with other students, etc. Most students will leave India by November.

As mentioned earlier, admission will be open in some universities during these months too.

END OF ADMISSION ABROAD

March 2020

Admission for all countries for MBBS abroad will be finished by February 2020 and most students will leave in the month of February to start their classes. After this students will have to qualify NEET 2020 for admission in 2020 session.
